

# Building India's Next Generation of Identity Security Professionals.

CYBERXDELTA × UNIVERSITY COLLABORATION PROPOSAL

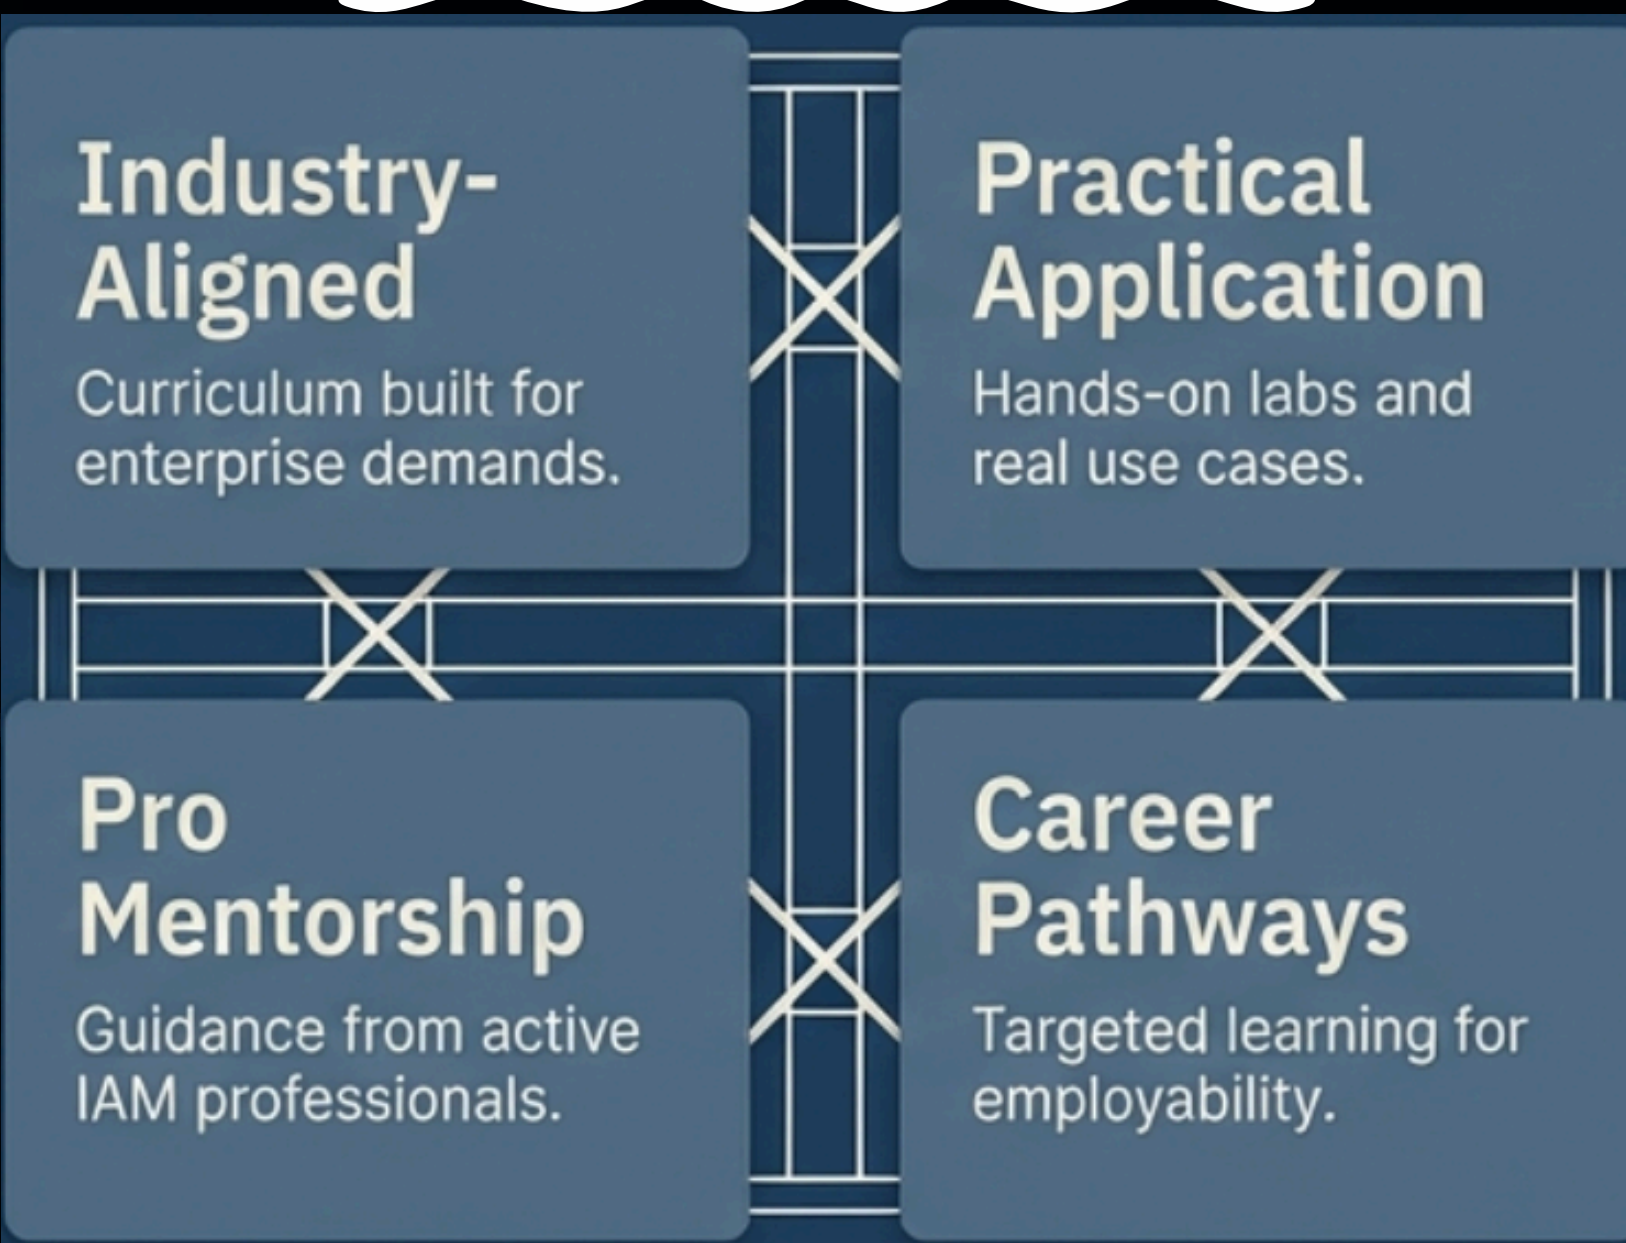

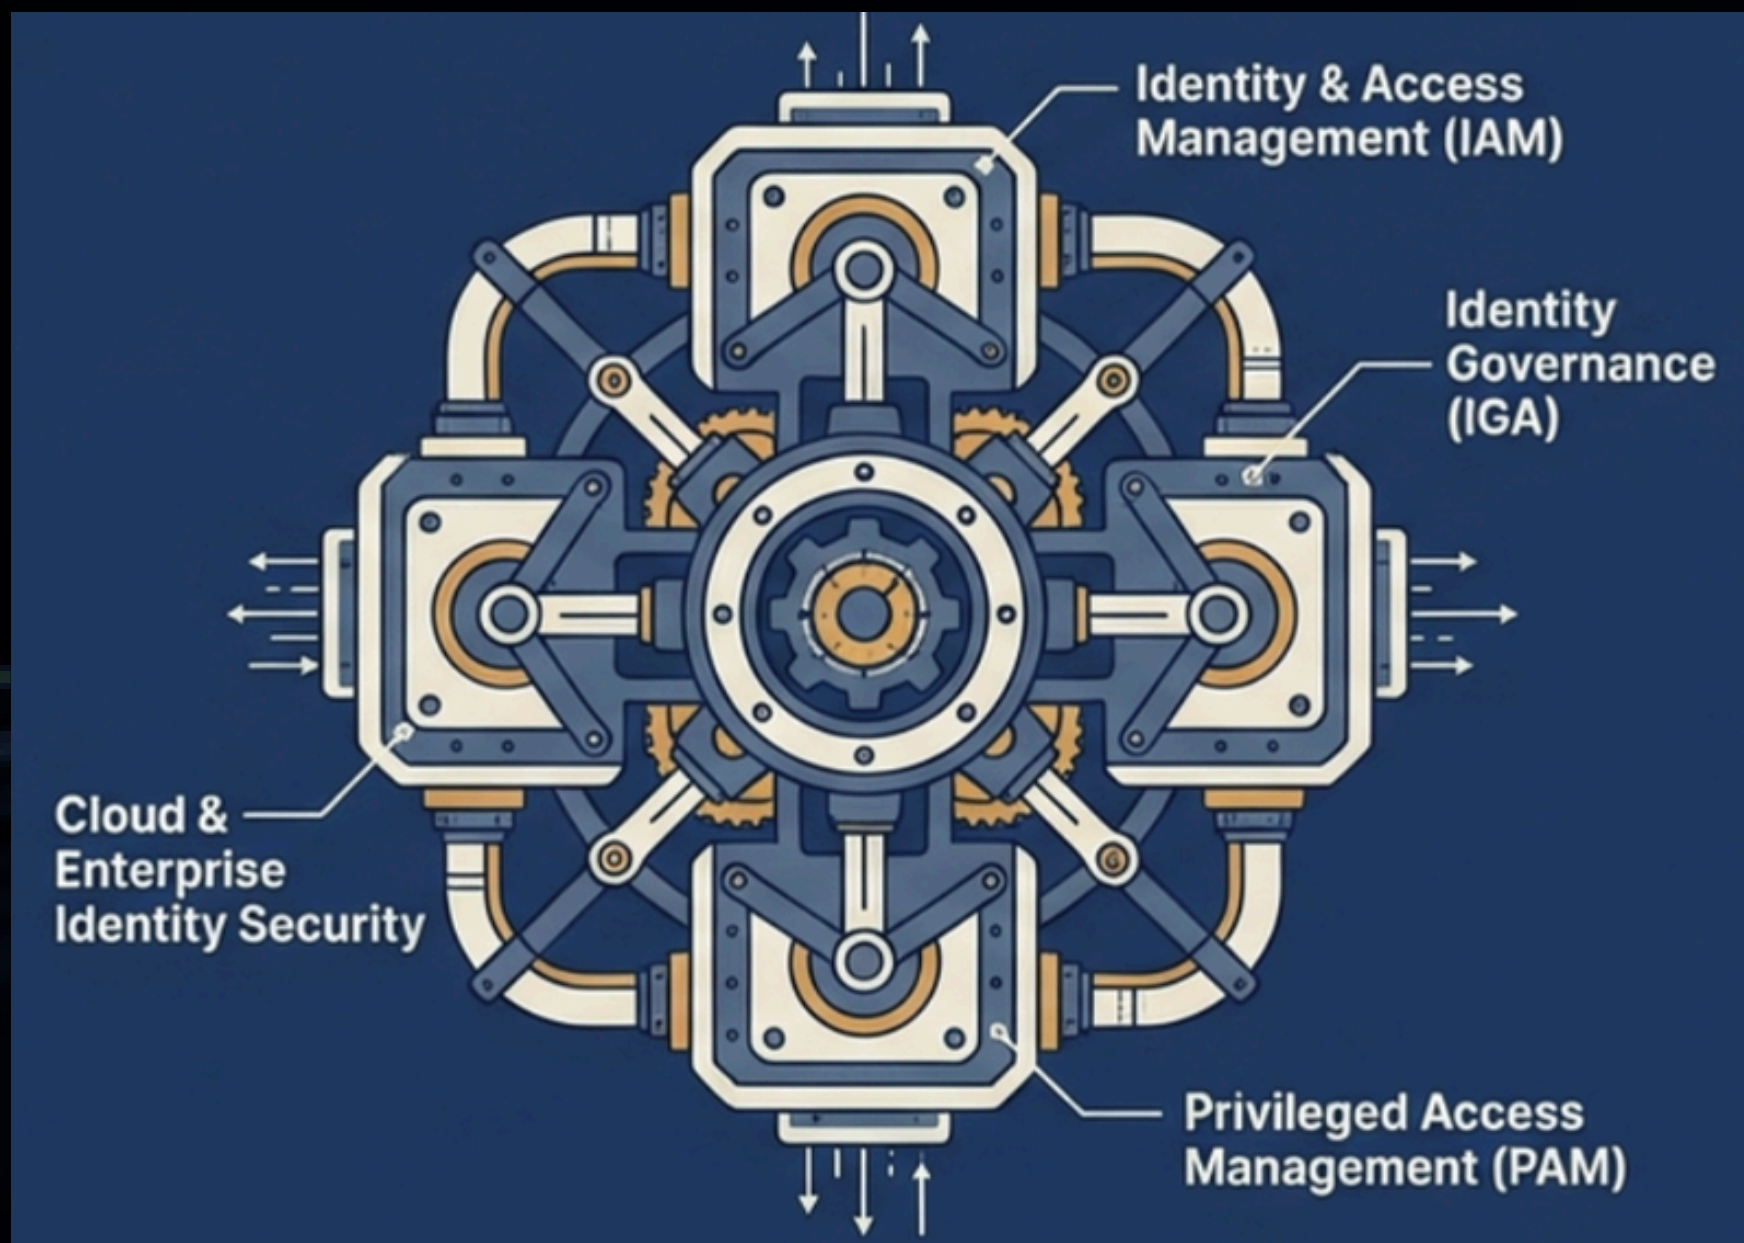

Empowering Students with Industry-Ready IAM Skills

PRESENTED BY:  
CYBERXDELTA ACADEMY

# CyberXDelta: Bridging Academia with Industry

Building the next generation of identity security professionals through hands-on learning and real-world readiness.

# Identity Security is the Future of Cybersecurity

## The Universal Need

Every organization relies on Identity & Access Management to secure systems and data. It is one of the fastest-growing cybersecurity domains.

IAM Education

Tab 2  
Community Learning

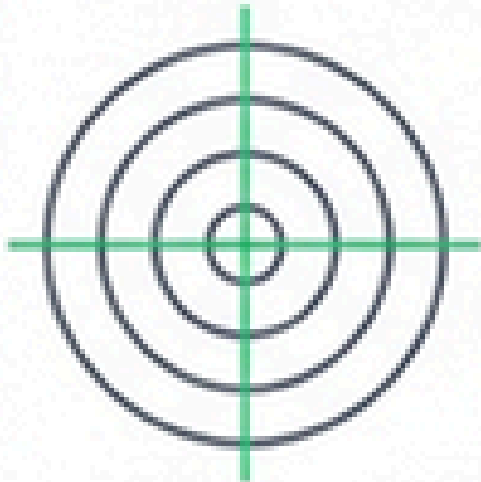

Tab 3  
Career Development

Tab 4  
Industry Exposure

# Why IAM? High Demand, High Investment, High Careers

## Industry Demand (The Gap)

Zero Trust Radar

**30-35%**

Demand growth by 2030

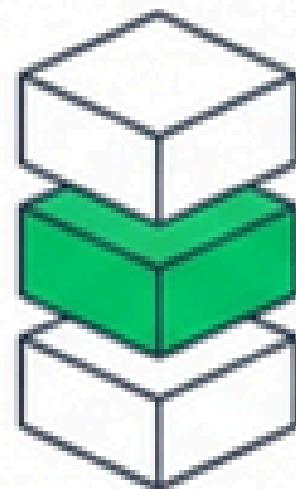

**>80%** Breaches linked to identity issues

**3.5M** Unfilled cyber jobs globally

IAM is a core pillar of Zero Trust (adopted by 60%+ enterprises). Driving aggressive hiring across Cloud, BFSI & Healthcare sectors.

## Company Investment (The Money)

tech stack

**10-15%**

Of cybersecurity budgets allocated to IAM

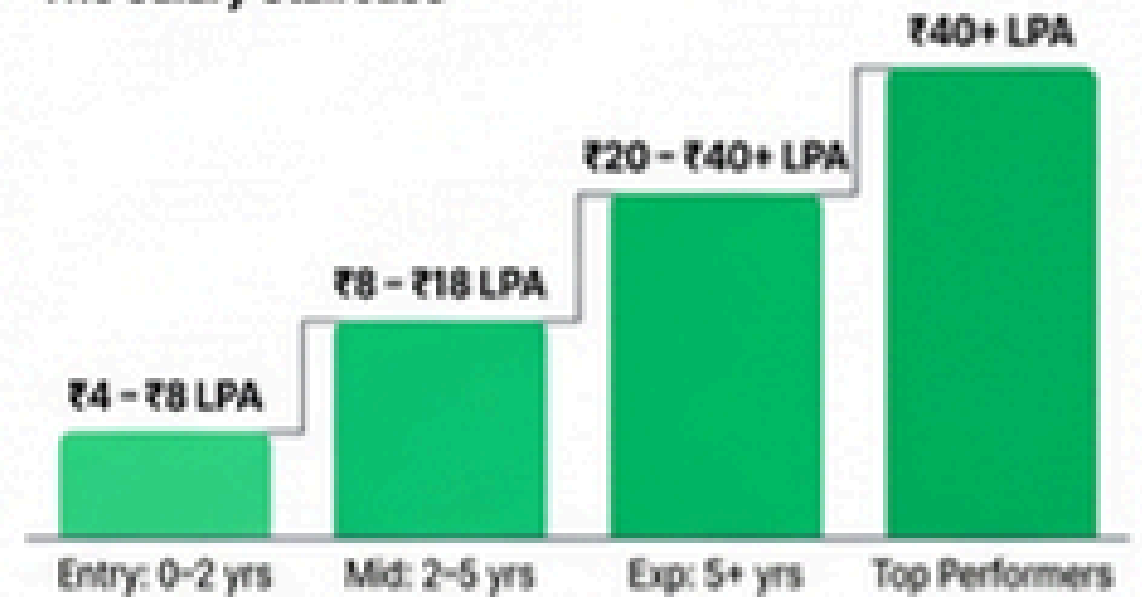

**12-15%**

Global IAM market CAGR

Roles are top 5 priority hires. Driven by continuous compliance (GDPR, ISO) and heavy corporate investment in tools like Okta, SailPoint, CyberArk, and Ping.

## Career & Salary Potential (The Reward)

The Salary Staircase

Massive global opportunities across India, US, UK, EU, and Middle East.

[ IAM = High Demand + High Investment + Strong Placement Outcomes ]

## The CyberXDelta Impact

**2-3x** Higher Chances of Shortlisting with hands-on IAM projects

**500+** Students trained globally

**3000+** Hours of live training delivered

**60-75%** Achieve job switch or role upgrade

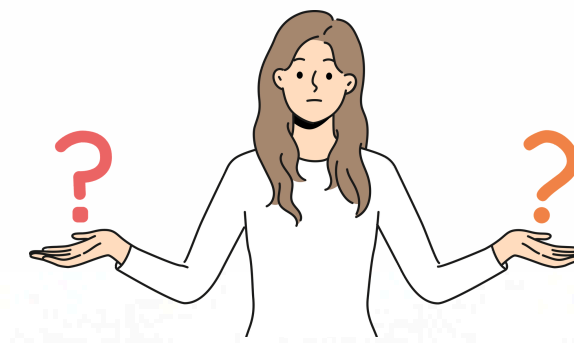

**70%+** Report improved interview confidence

- ✓ Industry-backed career path
- ✓ High ROI for students
- ✓ Clear transition from learning to job

Pro Tip: Unlike generic cybersecurity, IAM gives structured roles, clear tools, and better placement outcomes — driving higher conversion rates for trained students.

# From Training to Placement: Proven Student Outcomes

Structured learning + mentorship drives real outcomes

## Before

- ✗ Theoretical knowledge
- ✗ No career clarity
- ✗ No hands-on experience
- ✗ Weak resume
- ✗ Low confidence

## After

- ✓ Practical IAM skills
- ✓ Defined IAM career path
- ✓ Tools + real projects
- ✓ Strong resume + portfolio
- ✓ Interview-ready candidates

**We don't just train students – we convert them into job-ready cybersecurity professionals.**

### CyberXDelta Impact

500+ students trained globally  
3000+ hours of training delivered

Learners placed in:

# The WhyNotIAM Community: A Global Ecosystem

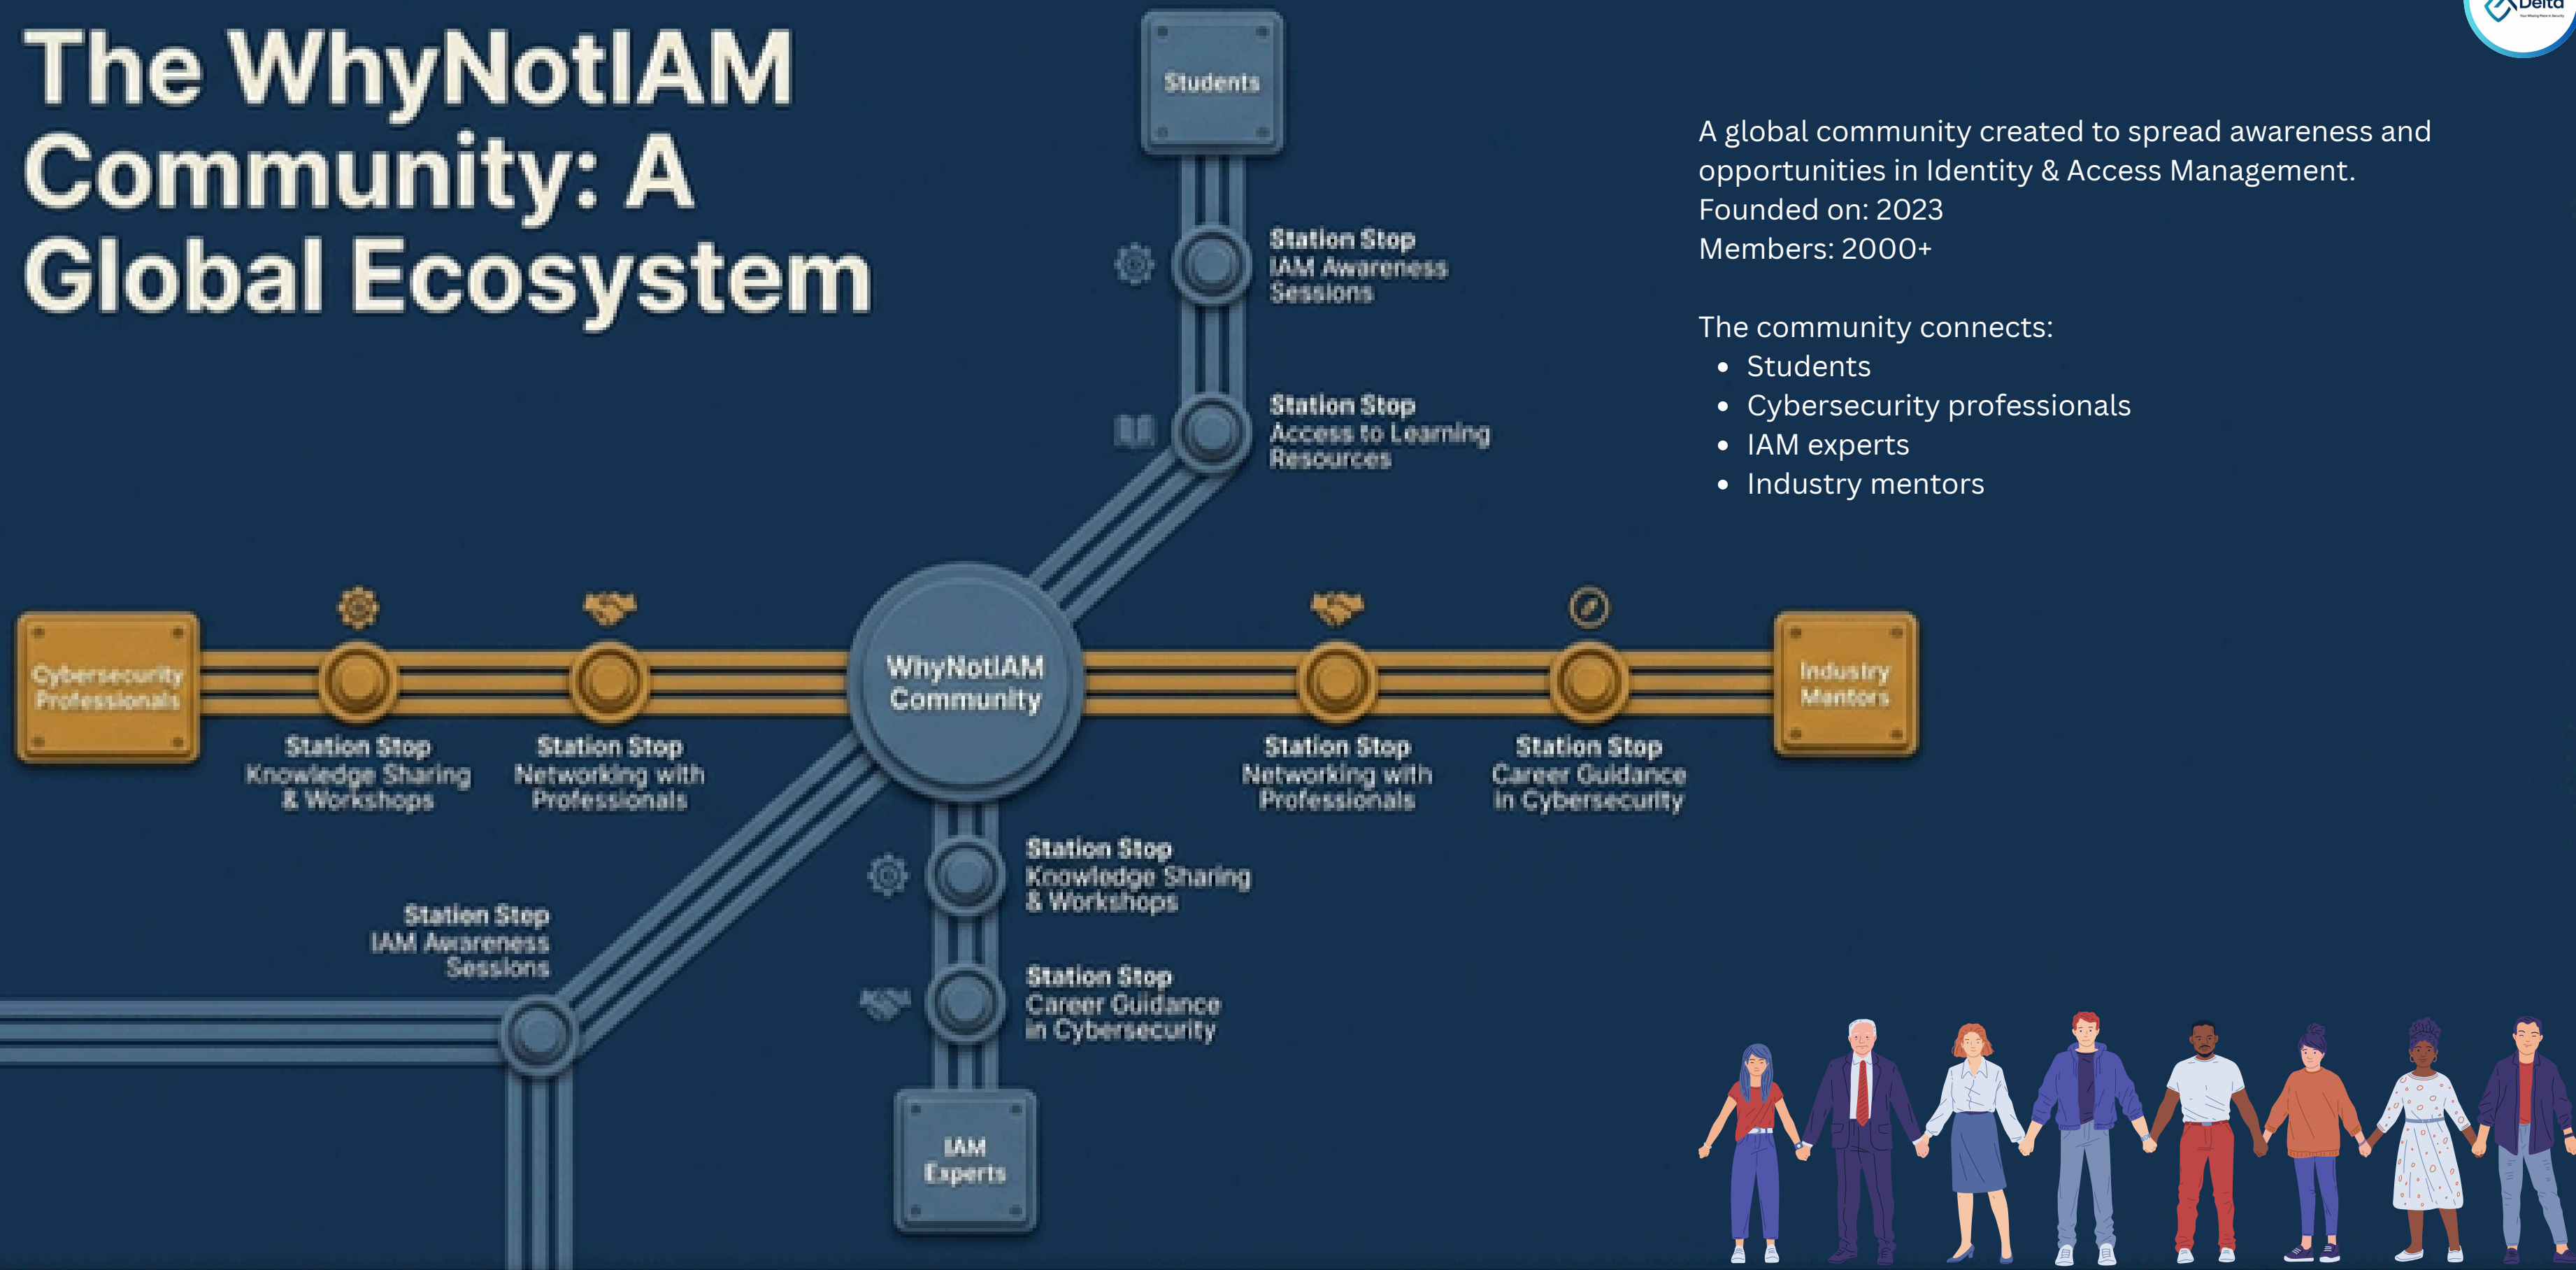

A global community created to spread awareness and opportunities in Identity & Access Management.

Founded on: 2023

Members: 2000+

The community connects:

- Students
- Cybersecurity professionals
- IAM experts
- Industry mentors

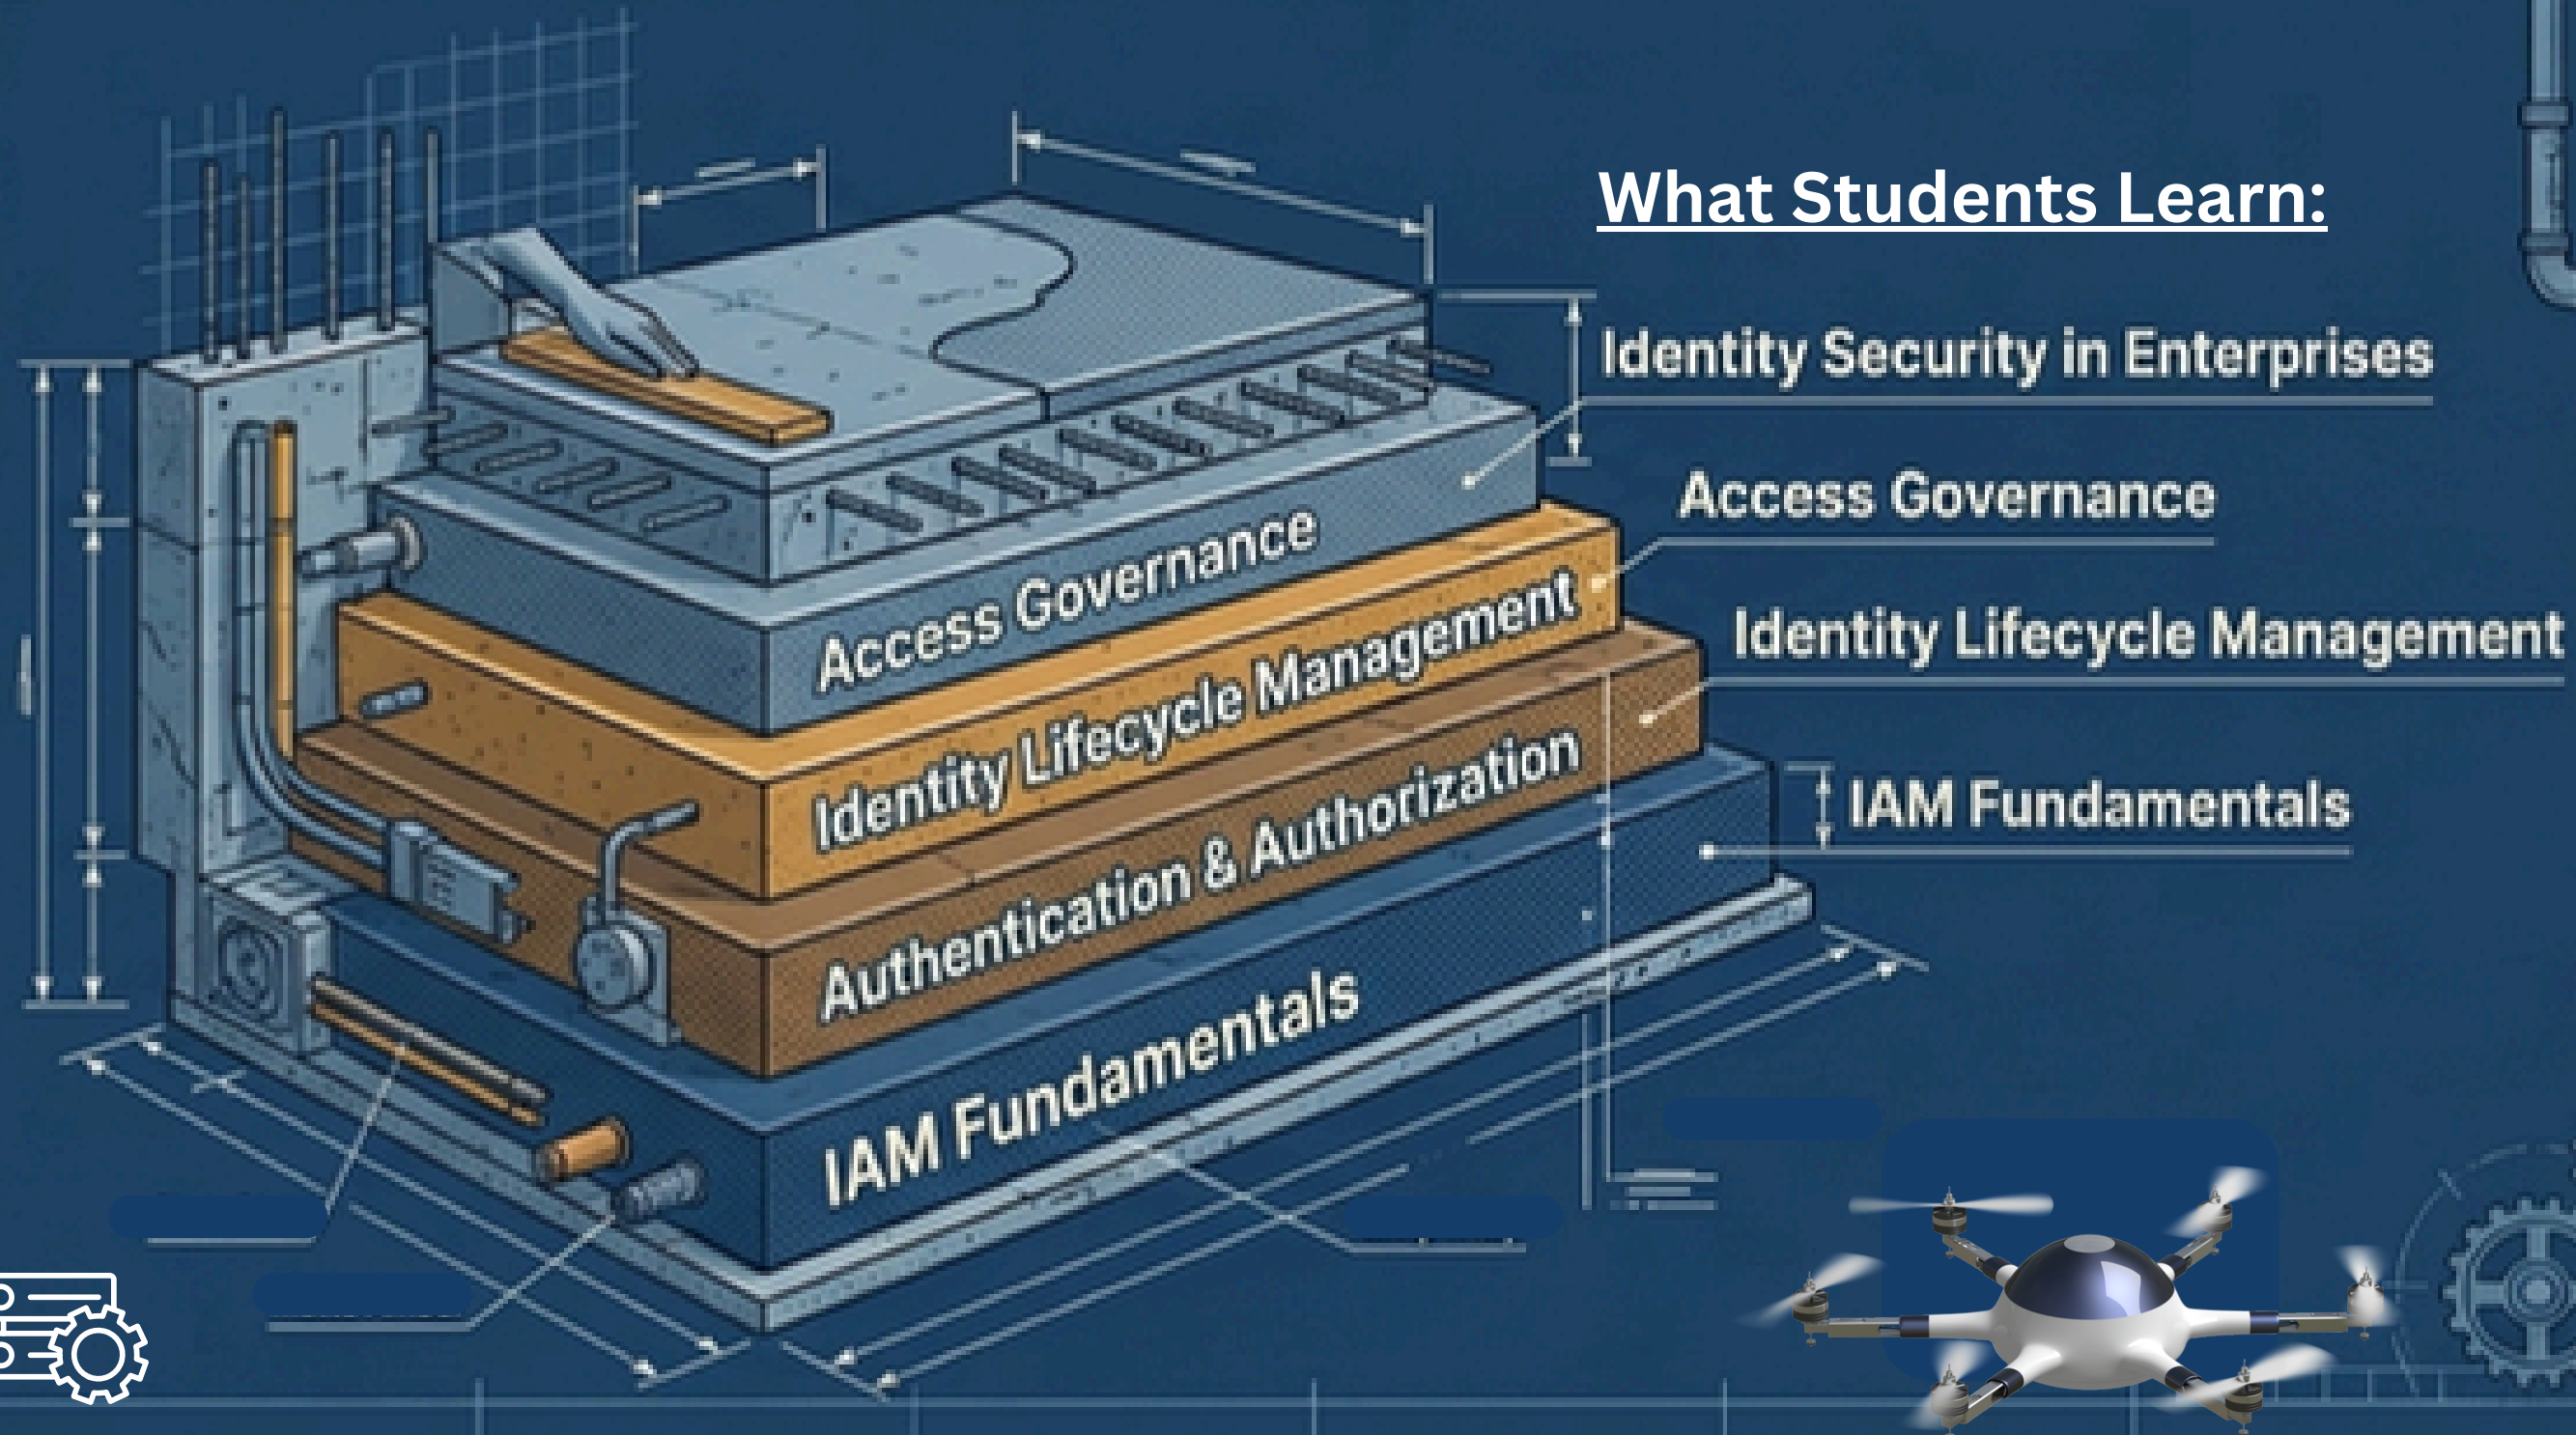

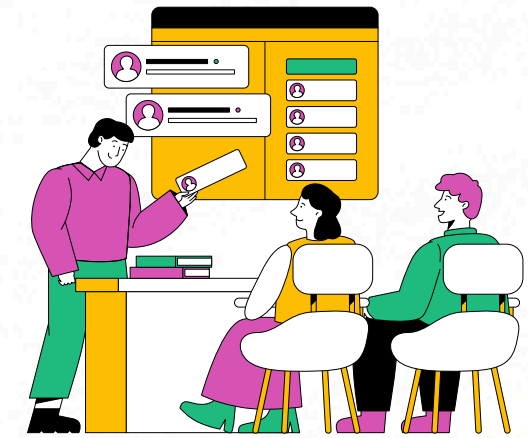

Through this collaboration, your students become part of a growing global IAM ecosystem.

 [linkedin.com/company/the-why-not-iam/](https://www.linkedin.com/company/the-why-not-iam/)

 [youtube.com/@WhyNotIAM](https://www.youtube.com/@WhyNotIAM)

# Phase 1: IAM Foundation Masterclass

Building strong cybersecurity foundations early in their careers through core concepts and real-world practices.

## Learning Format

Live Expert Sessions

Hands-On Labs

Real Use Cases

Interactive Discussions

# Phase 2: Industry-Focused Practical Training

Going beyond theoretical learning to build practical skills required by global organizations.

## The Action Sandbox

Slot  
1

 **Mini-Projects:** Built entirely on real-world IAM scenarios.

Slot  
2

 **Practical Exercises:** Daily assignments cementing theory.

Slot  
3

 **Technical Assessments:** Ongoing quizzes to benchmark readiness.

## The Tool Lab

**Simulations:** Hands-on labs mimicking live enterprise environments.

Okta

Ping Identity

SailPoint

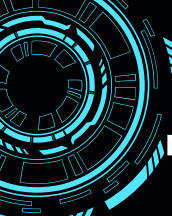

CyberArk

# Beyond Training: Complete Career Support

Preparing students for real cybersecurity careers through a structured development pipeline.

# The Value of Partnership: Bridging Academia & Industry

## What We Bring to Your Campus

- Cybersecurity & IAM workshops
- Community events and hackathons
- Internship pathways
- Industry guest sessions
- Skill-based cybersecurity programs
- Career-focused training opportunities

## IdentityShield (Pune | Jan 16-17)

Exhibitor & Sponsor with miniOrange. Showcased training/Internships and connected with enterprise cybersecurity leaders.

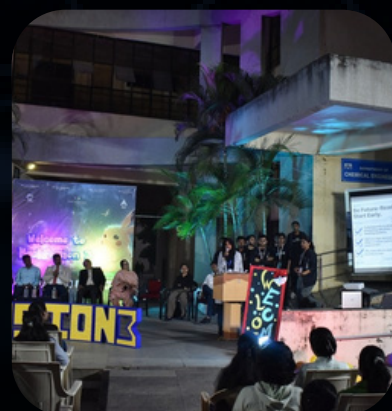

## WhyNotIAM event (Bangalore | Nov 16, 2024)

Strategic partner & Sponsor with WhyNotIAM Community. Engaged professionals and strengthened brand positioning in the IAM ecosystem.

## HackFusion 3.0 (Nanded)

Hackathon Sponsor at Shri Guru Gobind Singhji Institute of Engineering & Technology. Supported student innovation & promoted IAM to coding enthusiasts.

# The Value of Partnership: Bridging Academia & Industry

## Identica 2025 (Bangalore | Dec 6-7, 2025)

Strategic partner & Sponsor with WhyNotIAM Community. Engaged professionals and strengthened brand positioning in the IAM ecosystem.

## Cipathon 26' (Pune | Mar 27th- 28)

CyberXDelta participated in Cipathon 26' at MIT World Peace University as a Sponsor & Hackathon Jury.

We evaluated talent, engaged with skilled students, and connected with faculty members. This strengthened our visibility and opened avenues for future academic collaborations.

## Collaboration

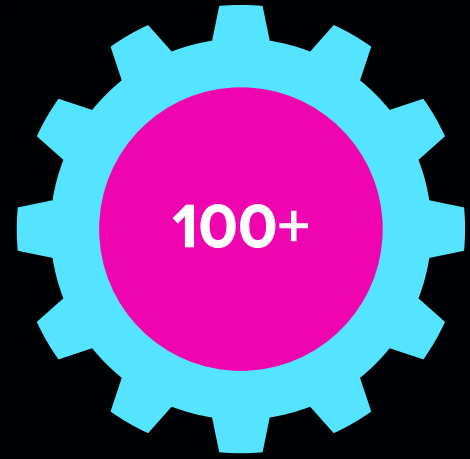

CyberXDelta collaborates with Vivekananda Spoken English, CyberX, and Hack-X Community to deliver impactful hackathons, CTF events, and workshops.

These partnerships enable us to engage with students, foster innovation, and build strong technical communities.

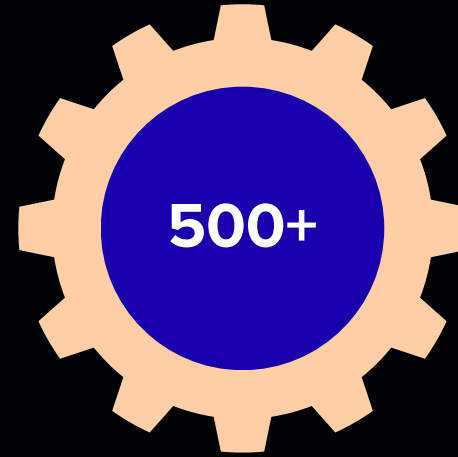

# OUR 2025 REPORT

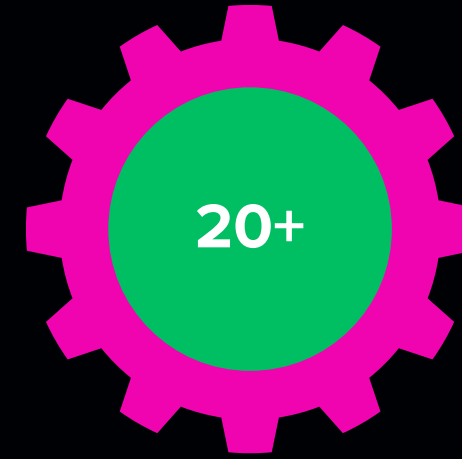

**Trainings  
Conducted**

**Hours of Live Training  
Delivered**

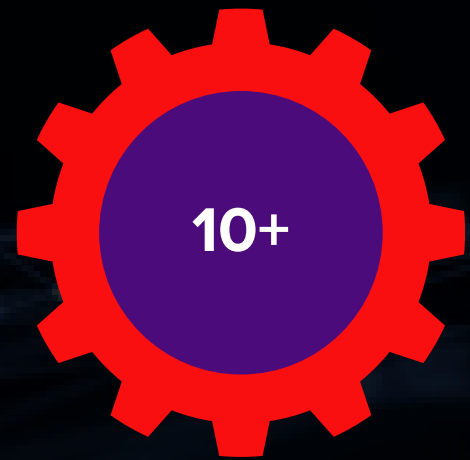

**Students Trained  
Globally**

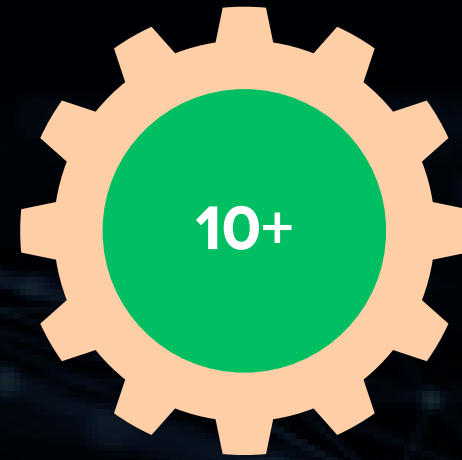

**Students Interned**

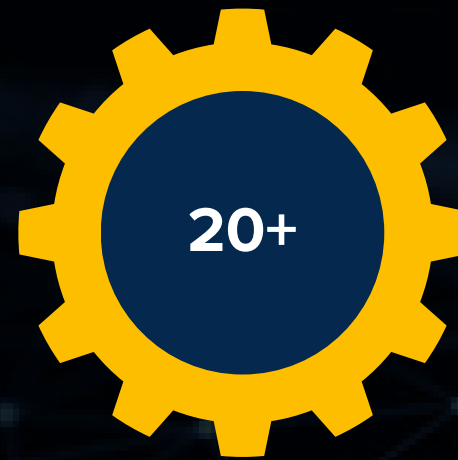

**Successful  
Placements**

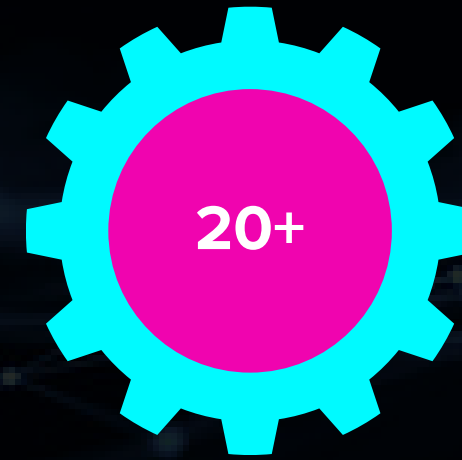

**Hackathon +  
HackFusion  
Sponsored**

**Countries Reached**

**Career Counseling  
Sessions  
Conducted**

**Professional Trainers  
in Identity & Access  
Security**

# Our 2026 Growth Roadmap and Partnership Vision

20+

Academic  
Alliances

10+

Hackathon  
Collaborations

10000+

Students  
Impacted

200+

Internship  
Enrollments

Strong IAM-Focused  
Community Presence

✓ Specialized IAM Focus

✓ Growing Industry  
Presence

✓ Event Participation  
Credibility

✓ Flexible Collaboration  
Models

✓ Student-Centric  
Approach

✓ Long-Term Partnership  
Vision

# Let's Build the Future of IAM Together

We are open to:

Hackathon Sponsorship

Technical Workshops

Internship Programs

Academic Alliances

Corporate Collaboration
